### ABOUT SCF SECURITIES

SCF Securities is a premier financial services firm that has been offering comprehensive financial service solutions to advisors and their clients nationwide since 1992. We empower Austin Wealth Specialists by giving them the tools, technologies, and resources they need to ensure that you are always positioned for financial success.

### SCF SECURITIES

SCF Securities, Inc. is a premier, full-service, independent broker-dealer. At SCF, we have been providing comprehensive financial service solutions for our advisors and their clients nationwide since 1992. SCF is constantly evaluating the ever-changing financial services industry and monitoring feedback from clients and advisors to ensure that you are always positioned for success. The firm consistently operates within a culture of teamwork, respect, integrity, and commitment to excellence. Additionally, almost every member of its executive management team has sat across the table from clients himself, and knows firsthand what it takes to empower our advisors to help their clients work toward their financial goals.

### The Diamond Standard® of Customer Service

At SCF, providing great service not only still matters, it's the focus of all we do. Although your interaction with our firm will exist solely through your advisor, we will be working diligently so he or she can focus on what he or she does best — maximizing your ability to achieve your financial goals. Our passion for the Diamond Standard® is what drives us to meet our high service expectations. That same passion is evident in Austin Wealth Specialists and the way they take care of their clients. In fact, it is that shared passion that attracted many of our advisors to SCF in the first place.

### Austin Wealth Specialists & SCF Securities — How We Work Together for You

As a broker-dealer, we work diligently to provide your advisor, Austin Wealth Specialists, with industry-leading products, services, and technologies. We are constantly developing resources that will equip your advisor to do what he or she does best — provide you with prudent financial advice and help you achieve your financial objectives. We provide your advisor with access to industry-leading clearing firms/custodians — financial exchanges that handle the confirmation, delivery, and settlement of transactions. We work with some of the best names in the business — Fidelity, TD Ameritrade, Pershing, Charles Schwab, and National Financial — to ensure your money is with a well-respected organization and a name you know and trust.

### Where Integrity Matters

At SCF, we are committed to doing the right thing no matter how small the situation. We exercise this core integrity with consistency because we deeply value the trust our advisors and their clients place in us every day. We know that taking care of our advisors and their clients is essential to their peace of mind, but it is also key to our continued long-term success.

### Core Values

As an organization, our mission and core values guide every decision we make on a daily basis. SCF's corporate culture and attitude has sustained us for over two decades. We believe that long-term success is a result of consistently doing the right thing. We stand firmly behind our core values — teamwork, respect, accountability, communication, ethics & integrity, direction & purpose — and are only interested in being front page news for the right reasons.
